How To Avoid

The Motor Car That Bags At the Knees

The automobile is curiously like the human body-an assembling of independent parts.

The man-machine is made up of muscle and bone, nerve and blood, water and fat, waste matter and brains.

As far as locomotion s concerned, neither machine is any stronger than its weakest 'link.'

Mark the badly co-ordinted man. He looks O. K., but when there are stairs to climb or pace to be forced, he puffs and pants, and one concludes that his ruddy color came from a fecent facial massage; that his bellows need mending, that his muscles aren't; that his "strength" is mere scenery and that his sound appearance is mostly tailor made.

Haven't you seen automobiles just like that, look "pretty" but won't take you from Here to There and Back?

The "Wonder Car" that the Square Deal Man sells won't bag at the knees,' and he can prove by the testimony of delighted owners that it will take you There and Back, not once, but many times, and that it is the lowest "After Cost" car on the market today. If you are a prospective car owner, 'phone us and we will be glad to take you for a trial spin in the Maxwell "25."

schools was agreed upon at the last meeting of the County School Board, in order to provide funds for needed improvements in school buildings of that county.

A resolution to this effect was adopted and took effect with the payment of September salaries. The reduction came as an unpleasant surprise to many teachers, who were unaware of the Board's action.

The retrenchment in salaries was stated by a member of the Board as being the most feasible method of raising funds for other school puroses. It was stated that the law ixes a maximum and minimum satary or teachers based on experience and he grade of certificate held, and that n Fayette county the teachers have been paid the maximum salaries in the school fund would justify it.

The reduction, it is said, is to a point still above the minimum in the several classes, although in some instances amounts to as much as \$5

COUNCILMEN'S SALARIES.

One of the aspirants for Council says he will donate his salary (\$36) to the City Mission. Rumor has it that there are several others who will come to the front and go him one better.

This opens the way for a thought or two. Are our City Fathers working for the \$36. Is that the height of their ambition? Just to get a seat in the Council Chamber so as to draw that ptitful, paltry sum of \$3 per month?

There are great interests at stake in Maysville. The growth and future of the city are always in the hands of the Council. You may have Chambers of Commerce, Boards of Trade and Business Men's Associations, but if you have a City Council that fails to comprehend the welfare of the city, then

It should be an honor to be a member of the legislative department of a city's municipal government. It should be coveted and prized far above dollars and cents. A Councilman, above all others,

body a dignity and conservativenss of character that places him above suspicion. No monetary com Some People We Know, and We Will pensation should sway him; and when weighing the city's welfare, he should rise beyond his Ward. Men are wanted for these positions, and Maysville has the men.

ROTATORS IN OFFICE.

In addition to the five rotators now on the Demo cratic ticket, it is said by what appears to be good Democratic authority, that in removing opposition to Mr. Stanley before the primary, a gentleman's agreement was made by which Mr. C. C. Bosworth is to have a position paying a salary of \$3,000; Mr. Clay is to be retained as Insurance Commissioner, dizzy and my back and head ached. and practically all of the force except Chairman of I rested poorly and mornings I was the Rating Board. Mr. Ben Bosworth and all other all tired out. I read in a local paper examiners in the Fire Marshal's office, except Gates Young, it is said, are to be taken care of,

Solely for factional reasons, Mr. James Dent, stronger and better and I slept good the capable secretary of the State Fair, is sen- at night." tenced to the guillotine.

These are told by so many Democrats and with such detail that they must have a basis in fact. Rotation in office is the damnation of every good Co., Props., Buffalo, N. Y. government. It gives opportunity for the officeholder to control affairs that should be in the hands MORROW INVADES of the people. Down with rotation in office. The people of Kentucky do not want rotation. For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. Hodgon, Mr.—"I had pains in both sides and such a soreness I could searcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."-Mrs. HAYWARD SOWERS, Hodgdon, Me.

Shelbyville, Ky.-"I suffered from a severe female trouble. 4. My right side hurt me badly—it was finally decided that I must be operated upon. When my husband learned this he got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and after taking it a few days I got better and continued to improve until I am now well."—Mrs. Mollie Smith, R.F.D., Shelbyville, Ky.

HANOVER, PA .- "The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. Ada Wilt, 303 Walnut St., Hanover, Pa.

4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. Laura A, Griswold, 2437 East William Street, Decatur, Ill.

5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vege- (3) table Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—
Mrs. C. H. Griffith, 1568 Constant St., Cleveland, O.

IN ORDER TO MAKE IT WHITE, SOME OF THE MOST NOURISHING AND ESSENTIAL COMPONENTS OF THE NATURAL WHEAT HAVE BEEN TAKEN AWAY,"

These nourishing and essential components" are the priceless mineral phosphates of the grain, known as the "tissue salts," indispensable for perfect health of body, brain and nerves.

Everywhere food scientists and physicians are sounding a like note of warning, for a host of ills is following the pernicious practice of casting out these elements in the milling process, and that, simply to make the flour look white and pretty. Neurasthenia, anemia, Bright's disease, constipation, rickets, and a lowered resistance against disease in general, are some of these ills.

More and more thinking people are waking up to this evil. There's a way out.

Grape-Nuts

made of whole wheat and barley, retains all the nutriment of the grains and those "essential components"-the mineral elements. This splendid food was devised years ago to supply this very lack in ordinary food and fortify the system against the onslaughts of disease. It does it wonderfully well.

The Federal Supreme Court Says Even a Policeman's Authority Is Limited.

But even the policeman's authority is limited. His right of re- day. dress for injuries sustained while pursuing violators of the law has frequently been questioned. Plaintiff in Keevil vs. Ponsford et al., 173 Southwestern Reporter, 518, is a police officer. In attempting to capture speed violators he ran his motorcycle at fifty to sixty miles per hour and sustained injuries by colliding with a pile of building material negligently left unlighted. The court directed a verdict for defendant. The Court of Appeals held: "It can not be denied that it was negligence of the greatest character to obstruct the street in the manner indicated without complying with the ordinance relative to placing lights thereon. On the other hand, Keevil, too, was traveling at a rate of speed prohibited by law, and in so doing was guilty of negligence per se. Peace officers are not excepted from the operation of the laws limiting the speed of vehicles upon public highways. Certainly an exception should be made in favor of those whose special duty it is to detect and arrest parties running in excess of the legal limit, while discharging such duty. The courts, how- BOSTON WINS ITS THIRD GAME Phone 662. ever, can not ingraft this exception. It must be done by the legislative body.
